Property Description

Mediterranean style sea view villa in a great location in Adsubia Javea as very close to the beach. A great looking property, generous build at 340 sqm requiring updating and with lots of potential to make this into a fabulous home.

Inside the villa we have very generous room proportions - set over 2 floors with entrance via a huge and rather wonderful naya of 60 sqm leading into a large living room. Adjacent to the dining room is the kitchen with utility room. There are 3 double bedrooms and 2 bathrooms.

Downstairs via internal stairs is another large living room with direct access to the gardens. 2 double bedrooms and 1 bathroom.

Decor currently is very traditional with solid wood doors throughout and wood beamed ceilings. Does require or would benefit from full renovation inside to bring it up to modern standards.

Externally is gated driveway to garage and a large store room. Wonderful mature gardens which are well maintained. Various terraces and a private 9m x 4m swimming pool. The naya offers good panoramic views to the Cabo san Antoni lighthouse and sea views.
