Property Description

This villa will be built in a very prestigious area with similar villas, just a few car minutes away from the sandy beach of La Fustera. The orientation of the villa offers an excellent combination of sea views and evening sun. The villa is divided into 4 floors and has an elevator. On the top floor is the entrance to the villa and the double garage. From here you can take either the stairs or the elevator to all other floors. One floor below, there are 3 bedrooms, each with its own en-suite bathroom. Below that is the "day area" with a very spacious living-dining room, a very completely fitted kitchen, another large bedroom with an en suite bathroom, a utility room, and a guest toilet. On this floor, you have direct access to the terrace area where you have a very large pool, a chill-out area, a barbecue area, and a completely landscaped garden. The lowest floor offers you a large indoor pool, sauna, fitness room,

bathroom, bar, laundry room, and space for a home cinema room, billiard, or any other entertainment. This villa will be built with the highest quality materials and equipment. There is underfloor heating throughout the whole villa and air-conditioning by ducting. All rooms have their own individual adjustment of warm and cold. The indoor pool is heated and has a special ventilation system to avoid humidity in the rest of the basement. There is a central music system, lots of led features (direct and/or indirect lighting), electric stores, and a super complete domotic system, that lets you control all installations from the palm of your hand. A beautiful ga...
